Partnering for a Safer Future

Pittsburgh, PA - Premier Strategies, Inc., is proud to announce our recent partnership with the AERAS Fog Company - the leader in electrostatic drone technology and disinfectant solutions.

AERAS specializes in electrostatic technologies via multiple product delivery systems, including drone, commercial backpack foggers, and handheld units for personal use. Through innovation and best practices, AERAS has proven to be the best in the industry. They strive to create the best solution-based delivery systems on the market, making the world a safer place.

“AERAS is proven to be the best in the business...,” said Gregory Kirsopp, Founding Partner of Premier Strategies. “As businesses across the U.S. begin the process of a safe reopening, AERAS’ unrivaled electrostatic disinfecting technology lead the way for businesses and venues to ensure a safe return for their patrons... We could not be prouder to partner with this fantastic firm.”

AERAS’ 60 second electrostatic charge is nearly 20 times longer than any competitor in the electrostatic sanitation field. Premier Strategies, Inc. is proud to work alongside AERAS in expanding their business to a national brand.
