Premier Strategies, Inc. Partners to Combat Student Debt

Albany, NY - Premier Strategies, Inc., is proud to announce our recent partnership with the advocacy and non-profit organization, Student Debt Commission.

Gregory Kirsopp, Founding Partner with Premier Strategies, Inc., had this to say of the recent union,

“Jarret and the Student Debt Commission continue to be leaders in the fight to help students obtain student loan debt forgiveness or lower their monthly student loan payments. Student loan debt affects more than 44 million Americans, and, with more than \$1.4 trillion, student loans are the second largest segment of the U.S. debt. We at Premier are proud of this partnership, and look forward to continuing to advocate for our next generation of leaders.”

Over the coming months, Premier Strategies, Inc. in tandem with the Student Debt Commission will outline and release a comprehensive plan to be presented before the New York State Senate. This proposal, which will be made publicly available via the Student Debt Commission website, will address both state and national issues surrounding the continuing epidemic that is student debt.

Jarret Freeman Founder of the Student Debt Commission said this of the partnership and plan,

“Our partnership with Premier Strategies allow for us to bring our advocacy work directly to forefront of New York State politics. This is an issue that directly impacts millions of New Yorkers and Americans each year...Getting our plan in front of these elected officials will ideally set in motion the path to real, state-wide reform and legislation around this critical issue.”

Premier Strategies, Inc. looks forward to the continuation of our partnership, and to the release of our joint proposal in the coming months.
